NEWS\_PDF\_DATE: 2008/9/15 16:50:00

We are very happy to announce you the release of a new version of our Xoops e-Commerce module, [Olédrión](#).

This version corrects some bugs and adds a new module's option.

### Changelog :

- Correction of a bug in the csv export
- TCPDF was updated
- Correction of a bug in the products prices in the PDF catalog
- Addition of a pager in the module's index page
- Correction of a bug in the discount system, there was a problem when you was creating a discount with a starting and ending date
- Correction of a bug in the cart's template (for the link used to remove a product from the cart)
- New module option to select if you want to multiply the produt's shipping amount by the product's quantity.

New translation in modinfo.php :

`_MI_OLEDRIÓN_SHIPPING_QUANTITY`
