

AM Contact v0.07 released - Modules

NEWS\_PDF\_AUTHOR: AndyM

NEWS\_PDF\_DATE: 2008/10/12 17:50:00

This release has been checked to work with XOOPS 2.3, and has had two more anti-spam/bot verification methods added.

As well as its question/answer and built-in image captcha, it now uses XOOPS image captcha for consistency with XOOPS and/or other modules that use it. Also, the third party image captcha service, reCaptcha is now supported.

The module can be downloaded from [here](#).

More info on reCaptcha can be found on [recaptcha.net](http://recaptcha.net)
