In the last three weeks we had additional 6,000 downloads of the [XOOPS 2.3.1](#).

As the chart below shows, we have a very steady interest in this new version (we've reached the [5,000 downloads mark in the first two weeks](#), so this is only 1 week extra for the latest 5,000). This is a good sign, as most of the time software downloads peak in the first few weeks and then go down.

We can also see the high interest in XOOPS by the download numbers of the [XOOPS Uniform Server](#) developed by [Kris](#). In the last seven weeks it has been download over 3,200 times:
