Thanks to the release of [News 1.63](#) by [Instant-Zero](#), and the added "Tag" capability, we have updated the XOOPS site to newest News release, and we have now "tagging" options on our site. As a result, we have "tagging" blocks on the right-hand side, showing the most popular tags.

So next time when you're submitting News, please feel free to add your tags.

Our future "Knowledge Base", the replacement for our [FAQ](#), will be also "tag-capable", as well as the upcoming CBB 4.0.

Happy Tagging 😊
