Hi Xoops Community,

I'm happy to announce that my [Reisekatalog](#) and blog portal with over 350 top travel regions from the world, now is upgraded from Xoops-2.0.18.2 to Xoops-2.3.2.

The site build using:

- xoops 2.3.2
- wordpress 2.0.11 from NovaSmart
- protector 3.2
- logcounterx 2.72

I have generated clean urls with help from the XoRewrite Module and wordpress 2.0.11.

And here is my travel tip [Reisen Mallorca](#) and here is my [travel news](#).

Regards, Merry Christmas and happy Xoopsing. 😊
