Our [Baqai University Student's Website](#) is now running on XOOPS.

The site uses the following Modules

News

snx_dwodp

Xhld

rssc

myalbumP

icontent

videotube

shoutbox

mylinks

xoopsfaq

PDdownloads

tinycontent

sitemap

and others

[CLICK HERE TO VISIT](#)

The site is running on xoops 2.3.3

Site also embeds adsense but not earning 😞

Any ideas for further improvement are welcomed.
