Xoops Time Tracker (Alpha) Released - Modules

NEWS_PDF_AUTHOR: harkov

NEWS_PDF_DATE: 2002/10/18 1:48:03

The Xoops Time Tracker Module has been released in an alpha state.

XTT is a time tracker module, similar to time tiger, that allows users to track time on projects, with clients, or on a category basis.

This 'alpha' version is a complete xoops module, with a user block and admin interface.

The admin interface currently supports:
  o Category (Add/Edit/Delete)
  o Project (Add/Edit/Delete)
  o Client (Add/Edit/Delete)

The user block currently supports:
  o Logging Time
  o Review Time
  o Deleteting Time Records

Soon to come:
  o Administrative Reports
  o Editing Time Records

It can be downloaded on sourceforge:
XTT Source Forge Project

If you'd like to help out on the project, please feel free to join up on sourceforge.

Enjoy! 😁
