Today, I am pleased to tell you about my new website [www.japan2.cn](http://www.japan2.cn)

It only took the following modules: pm,profile,protector,sitemap,tag and article. I would like to thank the authors of these modules, and of the theme4u.

This is a [Japanese entertainment news website](http://www.japan2.cn).I am working hard every day, it has become better, more beautiful.while, we hope your visit will be like my little website
