Xurl v1.1 available for download - Modules

NEWS_PDF_AUTHOR: chco2

NEWS_PDF_DATE: 2009/9/3 18:30:00

[size=x-large]Xurl[/size]

We are very proud to announce version 1.1 of the XOOPS Xurl Module.
Changes in this version:
- Security issues have been taken care off
- Added two new blocks
- Added a block allowing your visitors to update their **Twitter account** right from your website!
- The modules function has now been optimized for use in automatic e.g. forumposts. This way you can have all your forumpost be automatically scanned for URLs and they will be shortened as by your settings in Xurl.
Currently CBB 3.08 is supported. For more information, have a look in our support forum.
- The admin area has been expanded allowing you to view some stastics on shortened URLs
