Hi, everyone - I'm pleased to announce that we just recently launched a beta version of our new site, [Nonprofit Local](http://www.nonprofitlocal.com). This our second xoops site, following [Pluff Mud Connect](#).

Programming was done by Simon Roberts of [Chronolabs](#) (wishcraft), Marc-Andre Lanciault, and [Ted Schaefer](#), our own personal Code Pirate. Site design was done by Fernando De La Pava at [XoopsDesign](#). We're grateful for the talent and contributions of each of you!

Modules include:

System 2.0

Liaise 1.25

CBB 3.08

News 1.63

Private Messaging 1.0

User Profile 1.52

Protector 3.22

WF-Channel 2.05

Wordpress for Xoops 2.05

Tips 1.0 (custom designed for us by Inbox International)

Screenshot is below. We'd love your feedback!
