

CK2 - XOOPS Club in Taiwan - XOOPS

NEWS\_PDF\_AUTHOR: Mamba

NEWS\_PDF\_DATE: 2009/11/2 20:10:00

One of the strongest XOOPS centers in Taiwan is around Tainan City, thanks to several dedicated programmers from there. One of them, [Hong Kai Wu \(Tad\)](#), who recently received a [XOOPS Innovator Award](#), is a teacher at a local Community College. Three years ago he started teaching XOOPS course every Thursday night at the college, which became very popular. The course content focuses on building a website with XOOPS, XOOPS themes design and XOOPS module development.

Two years ago some of the students interested in XOOPS established [CK2 club](#), focusing on XOOPS, with currently about 20-30 people. Kimozi (in real life a travel agency owner) is the club leader, and Tad is the instructor for the club.

They get together to program, but also to celebrate birthdays or other occasions - a true community spirit!

If you want to share any XOOPS news from your country/region, please let us know. We want to learn about it....
