~ SAVE THE HORSES ~

HEAVEN'S GATEWAY HORSE RESCUE

This project was set into motion to save horses that are abused, neglected, abandoned or no longer needed or wanted for any reason. Our goal is to rehabilitate these horses and find them good, safe, happy and loving homes. Homes where they will never again experience the traumas that they have in the past. If it is impossible to rehabilitate them, they will live out their lives with us.

This project will pair human and horse. We will make sure they are properly paired. No ownership shall be released until we are completely satisfied that they are in the correct home. We do not want either the human or the horse to become unhappy.

This is a nonprofit organization (501c3) that runs strictly on donations. We would appreciate anything you are willing and able to offer.
