Ok, it's a nice little cart module based on MyCart. I adapted it to xoops because I was tired to wait any longer. There is plenty of room for improvements. But it's a start. The module language is in english and hardcoded, but not too stressy to translate it into other languages.

You can see it in action on:
http://www.backnang-online.info/modules/Cart/

You can download the zip files there:
http://www.backnang-online.info/modules/mydownloads/viewcat.php?cid=3

And you should post your comments here:
http://www.backnang-online.info/modules/newbb/viewtopic.php?topic_id=50&forum=2&0
