

## New Xoops Time Tracker - Modules

NEWS\_PDF\_AUTHOR: harkov

NEWS\_PDF\_DATE: 2002/10/27 3:17:30

We've released a new version of the Xoops Time Tracker, or XTT.

The new version fixes a few bugs we found as well as includes a Reporting function.

This reports section is available in the admin module and allows administrators to generate reports by project, client, category, or user. It also allows the administrator to filter by date.

[Download XTT from SourceForge](#)
