[Arabxoops](#) community is proud to share with you a new theme : gameportal , a nice free theme for games websites, designed by [ChocoTemplates.com](#) and Xoopsed by Mowaffaq Ali.

Some of gameportal theme specifications :

- View all key based on (smarty to display module's dirname in the block).
- a new slider block for [publisher](#) module to show latest news with vote results (big thanks to Trabis for his precious help in this block).
- Block to display user avatar and PM alerts.

**Static Demo:** [click here](#)
