My [personal/tech blog](#) is now running Xoops 2.4.2!

### Modules:

- Mastop Publish (static pages with jQuery effects - renamed)
- WeBlog (blog - fixed & hacked)
- XoopsInfo
- Protector
- XIStats (fixed & hacked version of iStats - thx ianez)

### Graphics:

- Theme by [Free CSS Templates](#), ported on Xoops by [Insraq](#)
- Some icons from [url=http://www.datenshi.1k.fr/]YuuYake set by dunehdel (Gary)
- jQuery+prototype+Kwicks plugin

Have a Xoops day! 😊
