

XOOPS 2009 Annual Report (Draft) - XOOPS

NEWS_PDF_AUTHOR: XoopsCouncil

NEWS_PDF_DATE: 2010/1/1 20:00:00

As we are closing 2009, it's always good to take a look at the past year and take an inventory of what we've accomplished, and review where we're going in the new year 2010.

Therefore we would like to publish our [XOOPS 2009 Annual Report](#), and since last such Annual Report was published [for 2007](#), we also included in this addition the 2008 events and milestones.

This is still work in progress, and we're still in process on making minor tweaking, but once we have our 2009 Financial results, we'll publish the final version of this report.

In the meantime, if you have any improvement suggestions, please let us know.

In 2011 we'll celebrate **10 Year Anniversary of XOOPS!** Therefore let's use 2010 to make major improvements to our beloved CMS, so we can celebrate our Anniversary with a great joy and pride!

Again, we would like to thank the whole XOOPS community for [the support and trust that we are receiving](#).

Long live XOOPS!
