XOOPS is getting top positions in various rankings:

#4 in [The 5 Best Open-Source Social Networking Software](#)

#6 in [The 12 Most Popular CMS Requested by Customers of Digital Pacific](#)

and the press is taking notice as well - good article in [CMS Wire](#) and good reprint in [CMS Report](#)

There are also more and more articles about Installing XOOPS, e.g. here in [PC Quest](#), or at various web hosting companies.

It feels good.... 🎉
