I'm happy to present my new German website with the focus "make money with the internet" ([Geld verdienen im Internet](#)) goes online. The site helps webmaster to make money with an website.

The XOOPS 2.4 - Site use the follow XOOPS Modules:

- protector
- simplywiki
- logcounterx
- pico
- altsys
- XoRewrite and .htaccess for clean urls

I have set the Focus of the following Points:

- [Internet Provider](#)
- [Open Source Software](#)
- [Online Marketing](#)
- [Monetarisierung](#)
