[S-page](#) announce ZenCart On XOOPS (ZOX) v1.35 to be released to the public.

Whats New In ZOX v1.35

- * Applied Security Patch v138 20090619
- * Added an information for change of admin directory in readme.

Whats Is ZOX

It is the module which can display Zen-Cart on XOOPS.

[Zen-Cart](#) is an open source application for e-commerce.

Zen-Cart is a standalone software, but ZOX customized it for modules of XOOPS. This module does the work of shopping cart and can build a flexible online shop because other splendid modules of XOOPS work as other contents (community).
