New Site www.SamOcean.ru

Site in russian language about web design and all about making site ...

SamOcean Design studio will make only XOOPS sites. I used simple red theme.

Used modules :

Html

mastop publis

News 1.63

multi menu

We shall open this project in english to www.SamOcean.com. I'll write news about it too .

Sites are new 25 days, but Google rank it 4

Please visit www.SamOcean.ru and write your comments about it ..
