

New system of slides in XOOPS themes by IXThemes - Themes

NEWS_PDF_AUTHOR: algalochkin

NEWS_PDF_DATE: 2010/4/9 6:50:00

[ixt017 Theme Framework 2.8](#) released.

What new in IXThemes release 2.8?

1. New system of slides based on jQuery Cycle plugin (rel. 30 Mar 2010). For this purpose you will **not need to instal any additional modules!**
2. Display of numbering of blocks for a site admins is improved, bugs are corrected.
3. The script of control by blocks in sidebars is updated.
4. 7 scenarios for display of slides are added (s0 ... s6 in **assigns.html**). You can create own scenarios too. (see **slides.html**).
5. You can set initial visibility of any sidebars block in **assigns.html** simply having specified block number.
6. All updatings are specified in **changelog.txt**

You can download any ixt017xx rel.# 2.8 [XOOPS theme](#) or view [XOOPS demo](#) of ixt017xx themes.

Best regards, [IXThemes Project](#)
