## QuickPages 1.3.36 for Xoops - XOOPS

Posted by: bitcero

Posted on: : 2010/5/18 16:50:00

We are very glad to announce the immediately availability of [QuickPages 1.3.36](#) for Xoops and [Common Utilities 2](#). This new module version has been completely port to Xoops and it is compatible with the previous version for EXM System.

This release includes spanish and english languages, with original po files to translate and requires Xoops 2.4 (or higher) and Common Utilities 2 (or higher) to work properly.
