It's nice to see that XOOPS continues to [win Awards](#) and to rank high in different CMS comparisons.

This month XOOPS has been named as **one of the Top 3 CMS** in the world by [Webmaster9](#)

We like the author's conclusion:

Quote:

There are a lot of CMSs today that web developers and designers could choose from. But when it comes to free, successful, and user friendly CMS, there would only be 3 names for it, Drupal, Joomla!, and XOOPS.

Viva XOOPS! 🏆
