

World Cup 2010 Module with 6 autoupdated blocks - Modules

NEWS_PDF_AUTHOR: Anonymous

NEWS_PDF_DATE: 2010/6/12 21:02:54

Arabxoops.com is happy to announce you the release of **World Cup 2010** module with 6 languages (arabic, english, frensh, german, spanish and portuguese).

This module contain 6 autoupdated blocks from fifa.com website:

South Africa 2010 Block:

Follow your team during the FIFA World Cup™ by reading the latest news and seeing their fixtures and results.

FIFA Latest News Block:

Stay updated with the goings on in world football with this Widget which highlights the five latest news stories which have been published on FIFA.com.

World Cup Block:

Get the lowdown on the 736 stars playing at South Africa 2010 by downloading our special FIFA World Cup™ widget. Check out their stats and use our special comparison tool.

World Cup 2010 Latest Photos Block:

Take a look at the latest footballing photos which have been uploaded on FIFA.com from all four corners of the globe. A picture tells a thousand words.

FIFA/Coca-Cola World Ranking Block:

Follow the fortunes of your favourite national team by adding this Widget, which charts whether they've move up or down the monthly FIFA/Coca-Cola World Ranking.

World Leagues Block:

Get up to the minute results and standings from your favourite leagues, as well as the latest news. A scrolling ticker also gives up-to-the minute scores.

Download: [click here](#)

Enjoy 😊
