xDonations 1.96 - BETA 1

Accept Paypal Donation with IPN Notifications

xDonations is a XOOPS 2 module that allows a site to accept donations from Paypal and track donations using the Paypal IPN notification.

Features:

- Manual entry of 'offline' donations to keep the Treasury in sync
- Search / Display Transaction History
- Display / Clear IPN History
- Allows the administrator to set the default currency
- Selectable donation amounts (and default) configurable through Admin
- 3 XOOPS blocks
 - Accept donations
 - Display donors
 - Display recent donations
- Ability to use custom donation button
- Let donors Show / Hide their name (give anonymously)
- Ability to automatically add donors to XOOPS group
- Ability to automatically give donors a specific XOOPS ranking
- Provide users with a 'landing' page for Thank You or Cancelled transactions
- Set Weekly / Monthly / Quarterly goals
- Language string define can be translated using XOOPS language files. BETA release includes English and French.
- Test features:
 - IPN connection test
 - Track various levels of Information (Info, Errors only, etc)
 - Log file to track history
 - Test configuration using Paypal Sandbox account

New in this release:

See *INSTALL.TXT* for a more complete change log.

- Added:
 - Australian Dollar as a default currency option

- Language constants to improve translation capability
- New constants to enhance error tracking capability
- Ability to display/clear IPN log in Admin
- Ability to search/display by Transaction ID in Admin
- Variable sanitation in various places
- Support for xdonations_ipn.log file in XOOPS upload directory
- Changed:
 - 'edit' and 'delete' icons in Admin to use Crystal graphics
 - Html code to improve W3C compliance and readability
 - Date entry in Admin Treasury to use XOOPS javascript calendar
 - Mysql file to use 'ENGINE' instead of 'TYPE'
 - Mysql to add table indexes to improve performance
 - Mysql queries in various places to reduce number of db calls
- Removed:
 - requirement for FormSolution class, removed file

Important Notices:

Please read the *INSTALL.TXT* file for installation and configuration information. You **MUST** change configuration settings (Paypal URL, Receiver Email, etc) before using this module.

This is a BETA release. Backup your existing site before installing this module. This release is not recommended for a production site. Read the BETA.TXT file included in the release archive."

Please test this module and report any issues to <https://code.google.com/p/zyspec/issues/list>. We'd also like to know if 'it works', so please send a PM to [ZySpec](#) so we know that it's been tested.
