Sorry!!!

Missed some variable name changes during merge of wishcraft's patches and had to fix them.

They are now in **xNews 1.69 Final**.

To upgrade **xNews 1.68 Final** to **xNews 1.69 Final**:

Quote:

Copy all folders to xoopsroot

You can overwrite already installed xNews (do not copy files to clones)

Goto xNews-Clone Manager and click on Update...

If you created clones click on Force Upgrade on each clone.

To upgrade **xNews 1.68 beta, rc1 etc.** to **xNews 1.69 Final**:

Quote:

Copy all folders to xoopsroot

You can overwrite already installed xNews (do not copy files to clones)

Goto xNews-Clone Manager and click on Update...

If you created clones click on Force Upgrade on each clone.

Goto admin-control panel-modules and update each clone...
