xDonations 1.96 - FINAL
Accept Paypal Donation with IPN Notifications

xDonations is a XOOPS 2 module that allows a site to accept donations from Paypal and track donations using the Paypal IPN notification.

Features:

- Manual entry of 'offline' donations to keep the Treasury in sync
- Search / Display Transaction History
- Display / Clear IPN History
- Allows the administrator to set the default currency
- Selectable donation amounts (and default) configurable through Admin
- 3 XOOPS blocks
    - Accept donations
    - Display donors
    - Display recent donations
- Ability to use custom donation button
- Let donors Show / Hide their name (give anonymously)
- Ability to automatically add donors to XOOPS group
- Ability to automatically give donors a specific XOOPS ranking
- Provide users with a 'landing' page for Thank You or Cancelled transactions
- Set Weekly / Monthly / Quarterly goals
- Language string define can be translated using XOOPS language files. Release includes English and partial French.
- Test features:
    - IPN connection test
    - Track various levels of Information (Info, Errors only, etc)
    - Log file to track history
    - Test configuration using Paypal Sandbox account

There have been no code changes since v1.96 BETA 2.

New in this release:

See INSTALL.TXT for a more complete change log.

- Added:
  - Australian Dollar as a default currency option
  - Language constants to improve translation capability
  - New constants to enhance error tracking capability
  - Ability to display/clear IPN log in Admin
  - Ability to search/display by Transaction ID in Admin
  - Variable sanitation in various places
  - Support for xdonations_ipn.log file in XOOPS upload directory
- Changed:
  - 'edit' and 'delete' icons in Admin to use Crystal graphics
  - Html code to improve W3C compliance and readability
  - Date entry in Admin Treasury to use XOOPS javascript calendar
  - Mysql file to use 'ENGINE' instead of 'TYPE'
  - Mysql to add table indexes to improve performance
  - Mysql queries in various places to reduce number of db calls
- Removed:
  - requirement for FormSolution class, removed file

Important Notices:

Please read the *INSTALL.TXT* file for installation and configuration information. You **MUST** change configuration settings (Paypal URL, Receiver Email, etc) before using this module.

Backup your existing site before installing/upgrading any new XOOPS module.

Please report any issues to the issues list.
