

## Classifieds 2.5.1 Released - Modules

NEWS\_PDF\_AUTHOR: jlm69

NEWS\_PDF\_DATE: 2010/10/12 17:30:00

I have released version 2.5.1 of the Classifieds Module.

This is basically a bug fix for 2.5 with one addition.

Now when administering the categories you can now let premium users not be moderated when everyone else is.

### Classifieds 2.5.1

For Xoops versions 2.3.3b and up

Get it [Here](#)

Report Errors [Here](#)

Read the README file

Classifieds no longer uses lightbox. Now it uses a jquery plugin for Colorbox  
Now Classifieds uses bezoom (<http://benjaminmock.de/bezoom-jquery-plugin/>) for its magnification.

States/Regions

Search by State/Region and/or category and/or between 2 prices

Fixed : Users could rate their own ad, not anymore.

Fixed : All reported errors

Fixed : changed \$mail =& getMailer(); to \$mail =& xoops\_getMailer(); in admin/index.php

Fixed : admin/category.php fixed category being changed to moderated after modification.

Added : New Config in preferences to allow admin to receive an e-mail if any listing is modified.

Added : New Config in preferences to allow admin to limit number of ads a regular user can have, and a premium user can have

Added : In Category admin - added moderate premium users modifications.

### Features

Admin can choose to moderate listings by choosing that option in the category setup.

Admin can limit number of photos a listing can have.

Admin can limit number of ads a regular user can have, and a premium user can have

Admin can limit how long ads can last

Ads can be marked sold, and set to expire X days after marked sold.

Admin can choose upload directory.

Admin can choose default sort order

Will send an e-mail to the user X days before ad expires.

Can use Extra code in between listings. EX. banners, google code

Admin can choose to use search or not

Can be used in more than one country

Admin can choose to receive an e-mail if any listing is modified.

Xoops Notifications

Ratings

Photos use colorbox for effects and bezoom for magnification

Admin can choose which editor the users can use.

Admin can allow users to use differnt e-mails or names

Admin can allow premium users modifications to not be moderated when everone else is.

Group Permissions - By category and group

Members page - Users can see all ads by a user and the submitter can see any replies to their ads.

Search by State/Region and/or category and/or between 2 prices.

tested on servers with these specs

php - 5.29

mysql - 5.0.91-community

searver api - cgi-fcgi

php - 5.3.3

mysql - 5.1.46

server api - apache2handler

## CONFIGURATION OPTIONS IN PREFERENCES

### 1. classifieds\_money

Your currency symbol - Default is \$

### 2. classifieds\_limit\_ads
