How to quickly prepare a slide show for Christmas on XOOPS 2.5.0 - Themes

NEWS_PDF_AUTHOR: algalochkin

NEWS_PDF_DATE: 2010/11/10 16:00:00

1. Download or receive e-mail theme archive. (For example ixt0290542hunter.zip)

2. Unpack archive

3. Copy unpacked a directory (for example ixt0290542hunter) in a directory **/themes**

On the admin side

4. Close access for visitors of a site except the administrator
Modules -> System -> Preferences -> General Settings -> Turn your site off? -> Yes -> Go!

5. Make a theme (for example ixt0290542hunter) by default theme
Modules -> System -> Preferences -> General Settings -> Default Theme -> (for example ixt0290542hunter) -> Go!

6. Create blocks for a slide show area
Modules -> System -> Blocks
At creation of blocks make their invisible and title empty

7. Define numbers of the created blocks
The mouse cursor guide at link EDIT and you will see number BID in the end of URI

8. Open a file assigns.html in Templates Manager (for example /themes/ixt0290542hunter/tpl/assigns.html)

9. Appoint numbers of blocks for slides (line 24 in theme release 4.2)

replace

```
$this->assign('ixt_slblocks', array('ixt10','ixt16','ixt13','ixt17'));
```

to

```
$this->assign('ixt_slblocks', array('bid0','bid1',...,'bidN'));
```

10. Open access for visitors of a site
Modules -> System -> Preferences -> General Settings -> Turn your site off? -> No -> Go!

On the user side

11. Reload a page and look the blocks in slide show of a theme by IXThemes
