NEWS_PDF_DATE: 2011/1/15 21:22:33

Designburo delivered another new XOOPS website.

Main Modules used :

X-Center
XNews

XOOPS 2.4.5 has been used, due to the providers PHP version.

Design had to be identical to previous html-based website. Installed, designed and tweaked in twelve hours.

Our thanks goes out to the community of XOOPS and their main contributors for a very solid XOOPS 2.4.5.
