

Faster - Premium theme (commercial) - Themes

NEWS_PDF_AUTHOR: vamptrix

NEWS_PDF_DATE: 2011/2/14 20:30:00

Hello everybody!

I've been at work on a wide range of new XOOPS themes now, and I'm happy to release the first one, Faster, now.

It's a premium theme that supports XOOPS 2.4/2.5 (but earlier versions should be supported too, though it hasn't been tested by me).

Faster is a 3 column theme with a fixed width (content is 960px wide, but can be easily tweaked).

Included in the theme file are the XOOPS theme itself as well as the PSD file.

The theme has a special site closed template included.

Theme has been tested in Firefox 4 beta 8-11, Internet Explorer 8 and Opera 11. The theme uses CSS3, but still looks very good in IE8 and earlier.

A demo is available on my new XOOPS demo site, <http://www.vampiretrix.com/xoopdemo/> (don't forget to check out Laguna, it's nearly finished ^^).

The theme is available for only € 3.99

If you want help with modifications to the theme, feel free to contact me after you've purchased the theme.

You can buy the theme by paying me € 3.99 on my emailaddress **vampire.trix@gmail.com** using PayPal.

If you prefer a different payment method, feel free to mail me.

Also, please let me know what you think of this theme :)

Kevin

Hello everybody!
