
XOOPS 2.5.x Operation Guide - Feedback needed - News

Posted by: Mamba

Posted on: : 2011/3/30 8:20:00

I've updated our old "XOOPS Operations Guide" for XOOPS 2.5.x

At this moment, please consider it as a beta 😊

Please review it and provide me with feedback and improvement suggestions.

Please look at it from the perspective of a first-time or beginner user, i.e. please help us to make it easier to understand.

If you think, that there is a better way to explain concepts or operations, please share it with us.

You can:

- 1) View it online as PDF: [here](#)
- 2) Download it as Zip: [here](#)

And feel free to point our new users to this document, in case they are asking questions that are covered there.

Please discuss it in the [Documentation Forums](#)

P.S. Please also review the [XOOPS 2.5.x Installation Guide](#) and provide feedback as well.
