

XOOPS 2.5.x Operation Guide - Feedback needed - News

NEWS_PDF_AUTHOR: Mamba

NEWS PDF DATE: 2011/3/30 8:20:00

I've updated our old "XOOPS Operations Guide" for XOOPS 2.5.x

At this moment, please consider it as a beta (4)

Please review it and provide me with feedback and improvement suggestions.

Please look at it from the perspective of a first-time or beginner user, i.e. please help us to make it easier to understand.

If you think, that there is a better way to explain concepts or operations, please share it with us.

You can:

- 1) View it online as PDF: here
- 2) Download it as Zip: here

And feel free to point our new users to this document, in case they are asking questions that are covered there.

Please discuss it in the **Documentation Forums**

P.S. Please also review the XOOPS 2.5.x Installation Guide and provide feedback as well.
