It is a happy new year indeed with the release of XOOPS 2 to a select beta team. Please understand that due to overwhelming demand and limited support resources, we have limited the beta team to a select group for now and cannot accept any more requests. Please understand that this approach is necessary to help our core dev team stay on track.

As soon as the beta team has finished testing the product, there will be an announcement with a date set for the official release so, please stay tuned.

Thanks,
XOOPS Team
