Another excellent job done with XOOPS. This time is the site of the Team APH Courses, a company that trains people for life support in pre-hospital care.

Using xoops 2.5.1a and modules:

fmcontent 1.04 RC

extgallery 1.09 RC3

mastop go 1.1

liaise (modified by Carlos [Gux Brazil](#))

testimonials (fork xfguestbook)

I thank The entire community. God continue to bless all.
