We are happy to let you know that the new book about creating XOOPS themes: "Designing for XOOPS", written by **Sun Ruoyu (**insraq**)** is available to order and is currently shipping.

So order it today from **O'Reilly** or from **Amazon**

This book covers the whole workflow of building a XOOPS theme from scratch. This is a designer's guide, so some knowledge of XHTML and CSS is assumed, but PHP know-how is not necessary.

Please note that Insraq donated all proceeds from the book to XOOPS Foundation, so please buy it and recommend it to your friends!

As a XOOPS community we are very proud of this new book, and we appreciate the generosity of Insraq.
