The Xoops Time Tracker (XTT) has released a new version, 0.0.3. This version addresses some javascript bugs in various browsers, as well as translations!

Thanks to the help of bcollar.org members, we have a few translations:

Basque
Dutch
English
German
Swedish
Tradtional Chinese

If anyone else is interested in providing a translation, please come over to bcollar.org and help out!

The latest release can be found on that same website!
