

New Calendar module - Modules

NEWS\_PDF\_AUTHOR: kerkyra

NEWS\_PDF\_DATE: 2011/8/23 18:50:00

A simple calendar module for xoops.

It currently doesnt support recursive events.

It does however support importing from facebook.

Features:

import from facebook

Auto resizing of images

Ajax calendar

See who's attending (from fb)

You can see a demo at <http://www.mykerkyra.gr>

Download it from [here](#)
