Hello everybody!

I'm proud to announce the launch of my new webshop, which not only packs all of my recent XOOPS themes, but also provides services for XOOPS like theme conversion and installation and upgrade help.

In order to celebrate this, I'm releasing a new theme today, which has been laying around for a while now. It's a theme on which I worked a long time, and I really like how it turned out. It's called Laguna and it has a nice blue layout, which you can use for basically any website.

I'm releasing it with a price tag of \$2.50/€2.50, but specially for XOOPS.org visitors I'm offering a promotion until the end of the end of January, so you will be able to save a bit of money! You can use the coupon code **LAGAUNCH** and you'll get €0.50 off! (may not sound like much, but that's 20% off).

**Also, for every sale of the theme I'm donating half of the price to XOOPS.** If I get enough sales, I'll even donate another \$25. And if it's a succes, I'll start porting my new site design (<http://www.vampiretrix.com/>) to XOOPS and release it as well! (with image slider!).
