bXpress forum 1.0 beta available! - Modules

NEWS_PDF_AUTHOR: bitcero

NEWS_PDF_DATE: 2012/1/6 23:04:11

bXpress Forum 1.0 beta is available for download. bXpress allows to create a forum section in XOOPS quick and easy.

Light in its use and operation, bXpress is designed to be fast and functional without the complications that other modules present. Just install and within minutes you will have your forum section performing according to your needs.

Some of its features:

- Short URLs
- Attachments
- Moderators
- Individual permissions for forums
- Permissions by category
- Announcements
- Sticky posts
 - Report messages

Requires Common Utilities

Download bXpress Now!
