Hello guys. I would like to present to you the **Moto Mastter** site made ??with XOOPS 2.5.4

Using modules:

FmContent 1.1 - Manage static content.

ExtGallery 1.09 (added upload button in admin area) - Photo Gallery.

MyTube 1.05 - Displays Manager.

Liaise 1 - Forms Generator, Version GuxBrasil

Theme developed using Theme Factory (mini framework for creating themes for XOOPS).

Special thanks to Angelo Rocha.

See you next time...
