Waiting Block module updated to XOOPS 2.5.0 GUI - Modules

NEWS_PDF_AUTHOR: Mamba

NEWS_PDF_DATE: 2012/1/27 0:40:00

The Waiting module offers you an extensible waiting contents block into your XOOPS.

By installing this module and adding proper plug-ins only, and activating its block, you as webmaster can see in this block all submissions to modules that are waiting for approval.

This module has been now updated to the XOOPS 2.5.0 GUI.

Please test it and let us know if everything is working OK.
