The [Xoops Dutch Startpage](#) is renewed. After starting as a full Dutch Startpage Daughter only in November 2002, it was time to change, so I renamed the blocks in a Binational Way >>> English & Dutch.

So far the major change is the setup of the page in three columns:

Left >>> English only  
Middle >>> International  
Right >>> Dutch only

Hopefully this will make it more accessible for all Xoops users throughout the world.

If you would like to show off your Xoops Site, please mail me the link at [xoops@pagina.nl](mailto:xoops@pagina.nl), or use the mailform found on [XOOPS.PAGINA.NL](http://XOOPS.PAGINA.NL)

Any comments on changes, improving or expanding are welcome...

With kind regards,

Mike Track

(Ps. Spanish Support's new adress already changed)
