

Google Maps 0.9 Beta ready for testing - Modules

NEWS\_PDF\_AUTHOR: Mamba

NEWS\_PDF\_DATE: 2012/3/18 11:57:27

Google Maps is a simple way to include a map using free Google maps API into XOOPS Website and add markers and polylines.

This module has been converted to XOOPS 2.5.x Admin GUI standard.

**Download:** from [SourceForge SVN](#)

You will also need to get an API Key from [Google](#) for Google Maps API v2
