Subscribers 1.2 Beta Module (Simple Newsletter) - Modules

NEWS_PDF_AUTHOR: Mamba

NEWS_PDF_DATE: 2012/4/10 14:40:00

We are pleased to present **Subscribers 1.2 Beta** - a simple module for sending out Newsletters.

People can subscribe to the mailing list, and the Admin can then create a simple message/newsletter, and send it out to subscribers.

This module is very simple and doesn't have some of the sophisticated features like storing past newsletters, resending past newsletter, but what it does, it does very well 😃

It was originally developed by Trabis for Mowaffaq from www.arabxoops.com, and now has been updated to XOOPS 2.5.x Admin GUI.

Download: XOOPS SourceForge Repository

Requirements:
- XOOPS 2.5.x
- ModuleAdmin
- PHP 5.2+

Please provide feedback on the forums in this thread
