It is our pleasure to let you know that XOOPS has been selected as one of the featured projects on [SourceForge](#) this week! 🏆

This is a great exposure for us, since SourceForge is home to over 3 million users, hosting a catalog of over 300,000 distinct projects and serving over 40 million unique visitors per month and over 15 million downloads per week.

There more people know about XOOPS, the better for us 😊

Please spread the good news on your local XOOPS support sites!

Viva XOOPS! 🏆
