

## YouTube plugin Installation in the TinyMCE editor - Tutorials

NEWS\_PDF\_AUTHOR: alain01

NEWS\_PDF\_DATE: 2013/5/14 8:23:07

Hello Xoopser !!!

Today, i want to show to you how it's easy to add a new plugin in the TinyMCE editor.  
Why not try with the youtube plugin ?

Ok, soooooooo, let's go !

**1)** First, download the youtube plugin [here](#) (Zip File [here](#))

**2)** Extract zip and copy the directory /youtube in /class/xoopseditor/tiny\_mce/plugins/  
in your XOOPS installation

**3)** Modify the /class/xoopseditor/tiny\_mce/settings.php file

You could re-read the news [Using templates pages in modules](#).  
The part 2 : "Add the template botton".

Add "youtube" in :  
Line 70

```
"paste,fullscreen,visualchars,nonbreaking,inlinepopups,youtube",
```

Line 85

```
"theme_advanced_buttons4" =>  
"xoopsimagemanager,xoopsemotions,xoopsquote,xoopscode,xoopsmcontent,youtube",
```

**4)** That's All ! Now, Enjoy it

Maybe in the next XOOPS version it would be included by default...

Hello Xoopser !!!

Today, i want to show to you how it's easy to add a new plugin in the TinyMCE editor.  
Why not try with the youtube plugin ?

Ok, sooooooo, let's go !
