

Happy New Year XOOPS - xBootstrap 3 Theme - Themes

This is the first of many themes that will be released in 2014!

NEWS\_PDF\_AUTHOR: AngeloRocha

NEWS\_PDF\_DATE: 2014/1/2 16:32:06

Hello Folks!

I bring to you the first of many themes 2014, xBootstrap 3. The theme was developed using the bootstrap 3, html5 and css3.

This was a hard work, several modules have been customized, dropped tables and a new look applied.

Currently the modified modules are:

- News
- Extgallery
- Contact
- PM
- Profile
- Tag
- System (maintenance screen);

Over time I will add more modules in the theme, as always this is a basic theme for the development of other themes, but can be used without problems as was provided in personal and commercial projects.

Screens:

Download Here: <http://xoopsfire.com/modules/TDMDownloads/singlefile.php?lid=88>

Enjoy
