[Demo](#) | [Landing Page Demo](#) | [Buy Now!](#) I'm very glad to announce my newest Xoops premium theme: [OnFocus](#). [OnFocus](#)[/b] is a commercial premium theme constructed over [xThemes](#) and [Common Utilities](#) achieving amazing results in its functionallity and appearance. **OnFocus**, as every theme created with xThemes, follow the philosophy "everything is a module", due this, the theme is integrated with [MyWords](#) and [QuickPages](#).

Features

Next is a non-extensive list of included features: - Fully responsive - Supports unlimited color combinations - A very flexibler slider posts in cover - Flexible featured posts area - 3 different basic styles for cover - Up to 12 different combinations for cover - **4 brand new blocks** ready to use with the block manager - 3 different menus - Colors and backgrounds fully customizable - Supports fonts from Google Fonts® - 3 zones for blocks: central, right and footer - Fully configurable news ticker - Comprehensive configuration panel - **Awesome landing page included** - Supports **Google Custom Search** - Multilanguage support (included es, pt-BR, en and fr) - and more ... The theme includes docs in English and Spanish. Free support for topics directly related to theme (modules and Xoops are excluded) and **free for life updates**.

Requirements

- **Xoops** (of course) - [Common Utilities](#) - [MyWords](#) - [xThemes](#) - [QuickPages](#) - [AdvancedForms Plugin](#)
